

WATER REPORT – November 6, 2018

The period-of-use for irrigation water rights above American Falls has expired. Only canals above American Falls that have decreed water rights for sub-irrigation or stockwater after November 1st should be diverting water at this time with the exception of canals using Rental Pool storage. Canals with Palisades Winter Water Savings contracts are reminded that their canals must be off for at least 150 consecutive days unless the winter water savings restrictions are waived by the USBR at some point in the future.

The American Falls-1921, Palisades WWS-1921, Island Park-1921, Henrys Lake-1917, and Jackson Lake-1906 storage water rights are currently accruing storage. The Lake Walcott water right volume has been satisfied. The IWRB recharge water rights are being filled between Minidoka and Milner from natural flow delivered to the unsubordinated 1909-priority Minidoka Dam hydropower water right after the natural flow passes Minidoka Dam but before it spills past Milner Dam.

The NRCS is inviting customers that utilize their SNOTEL data to complete a survey concerning their user experience on SNOTEL data access, related products, and services. If you are interested in completing the anonymous survey, it can be found on the internet at <https://www.surveygizmo.com/s3/4631447/snotel> .

CALENDAR

The IWUA 82nd Annual Convention will be held January 21-24 at the Riverside Hotel in Boise. Please see www.iwua.org for additional information.

The next Committee of Nine Meeting is scheduled for January 31st beginning at 10 AM at the Pocatello Airport.
